

Early Years Education System

Newsletter – October

Early Years Education System is not only a daycare but a complete child development program. Through this unique educational program, we are committed to make your child's base strong. We strive to achieve this by enhancing basic learning skills and capabilities of each of our children.

Note:

I am thankful to all the parents for their references. I regret to inform that at this time I am completely full and have no space to accommodate any more child.

Language and Alphabet

This month we will begin to review the first two letters of the alphabet and the sounds it makes. In addition to that, we will continue to focus on the proper way to print the letters. We will also study some common things that begin with these letters so that a child can relate to a particular letter upon seeing things.

We will be focusing on Math themes focusing on colours. Each week we will focus on a colour. Supporting activities will include painting, pasting, sorting, observing, and comparing. In Math we will also focus on number 1 and 2. This month's shapes will be circle and square.

At the beginning of every two weeks we will set up a colour theme table. If your child has a toy or other object of the target colour, please let him/her bring it for those weeks. Our schedule is as follows:

Red Week – Oct. 1 - 16

Yellow Week – Oct. 19 - 30

We will also cover numbers, letters and body parts in our daily circle time.
